

THE EVENING BULLETIN.

VOLUME X.

MAYSVILLE, KY., FRIDAY, JANUARY 16, 1891.

NUMBER 46.

HOUSE AND SENATE.

Proceedings of Both Branches of Congress.

THE FREE COINAGE SILVER BILL.

It is Received in the House and Referred to the Committee on Coinage, Weights and Measures—Routine Business and the Election Bill Occupies the Time in the Senate—Other Washington Dispatches.

WASHINGTON, Jan. 16.—The house yesterday devoted most of its session to a discussion of conference reports on public building bills. The reports for buildings at Portland, Ore., Sioux Falls, S. Dak., Mankato, Minn., and St. Albans, Vt., were agreed to.

The speaker appointed Messrs. Dingley, Payne, Rowell, Oates and Peel a committee to investigate the alleged silver pool. The free coinage silver bill was received by the house and sent to the speaker's table and subsequently referred to the committee on coinage, weights and measures.

The District of Columbia appropriation bill was taken up in committee of the whole, and after remarks by Mr. Clements commanding its provisions, the house adjourned.

After routine business in the senate, the elections bill was considered, and Mr. Evarts addressed the senate in its support. Mr. Hoar gave notice that at noon to-day, he would ask the senate to remain in session until the disposal of the bill. The senate then went into executive session, and soon afterwards adjourned.

All Foreign Cattle to be Inspected.

WASHINGTON, Jan. 16.—Secretary Winder has decided that all foreign cattle imported into the United States, whether for consumption or transit, must undergo a veterinary inspection by the officers of the agricultural department. This rule does not apply to American cattle passing through Canada in bond, whether intended for domestic consumption or export. An investigation as to remissness in inspecting cattle at Plattsburgh, N. Y., has been ordered by the treasury department.

Presidential Nominations.

WASHINGTON, Jan. 16.—The president sent to the senate yesterday the following nominations: A. C. Bishop, of Utah, to be judge of probate in Weber county, Utah. Also, the following postmasters: If. Gibson, at Tiffi, O.; W. A. Hunt, at St. Clairsville, O.; John Brown, at Bridgeport, O.; W. Howard Anderson, at Barnesville, O.; Mary S. Mong, at Minerva, O., and G. L. Martin, at Attica, Ind.

Amendments to the Election Bill.

WASHINGTON, Jan. 16.—Several proposed amendments to the election bill were submitted in the senate yesterday by Mr. Pasco. The amendments provide that no petition for Federal supervision shall be of any effect unless one of the petitioners is a candidate for congress; that hearings on the petitions shall be held, and that no chief supervisor shall hold any other public office.

Placed on the Retired List.

WASHINGTON, Jan. 16.—Gen. S. V. Benet, chief of the bureau of ordnance, war department, was yesterday placed on the retired list of the army. His services in the army extended over a period of forty-six years, seventeen years of which he filled the position of chief of ordnance.

REGULATING IMMIGRATION.

Aliens to be Refused Admission to the United States.

WASHINGTON, Jan. 16.—Mr. Owen, of Indiana, chairman of the committee on immigration, has reported to the house, with a recommendation that it pass, a substitute for the bill introduced by himself, providing for the regulation of immigration.

The bill is reported as agreed upon by the committee after a careful consideration of the testimony taken by it on the subject. It provides that the following classes of aliens shall be excluded from admission into the United States in accordance with the existing laws regulating immigration other than those respecting Chinese laborers. All idiots, insane persons, paupers or persons likely to become a public charge; persons who have been convicted of felony or other crimes involving moral turpitude; polygamists and all other persons whose tickets or passage is paid for with the money of another, or who is assisted by others to come, unless it is affirmatively and satisfactorily shown on special inquiry that such persons do not belong to one of the foregoing classes.

The bill amends the contract labor law so as to apply to persons coming to the United States, in response to advertisements in foreign papers, and also to persons induced to come by immigration agents. Ministers and men in recognized professions are specially exempted. The bill requires steamship companies to keep immigrants on board until landed at the large office for inspection and examination on penalty of not being given clearance papers, and also compels them to care for and return the rejected immigrants. There is no provision for railway inspection.

Mr. Owen says the bill is conservative and designed to keep out assisted and induced immigration, but not to include persons who will make desirable citizens.

Ex-Governor Thayer Surrenders.

LINCOLN, Neb., Jan. 16.—In accordance with the action of the board of public lands and buildings, ex-Governor Thayer yesterday surrendered possession of the executive apartments, but under protest, and Governor Boyd took possession of the rooms.

CHILI PORT BLOCKADED.

The Rebels Attempt to Interrupt the Nitrate Trade.

LONDON, Jan. 16.—A dispatch received here from Valparaiso yesterday states that the Chilean men-of-war had given notice that they would begin a blockade of the port of Iquique on Jan. 20. The importation of provisions into Iquique has already been stopped.

Additional dispatches later in the day say that the rebels have declared the ports of Chili blockaded in order to interrupt the nitrate trade.

Object of the Revolt.

NEW YORK, Jan. 16.—Charles R. Flint & Company received a cablegram last night via London as follows: "Blockade of the port of Iquique ordered for the 20th inst."

Charles R. Flint, who is the Chilean consul in this city, could not say positively why the port was to be blockaded. The government, he said, derives its largest income from the export tax on nitrate of soda and he thought the three vessels of Chilean navy which revolted might blockade that port in order to prevent the collection by the Balmaceda administration of the nitrate of soda tax.

The nitrate of soda market, owing to this news, is advancing rapidly in London and New York.

Mr. Flint says he does not think any attempt will be made on the part of the opposition to overthrow the existing government, but a strong pressure will be brought to bear upon Balmaceda to carry out the wishes of the legislative branches of the government.

MURDER WILL OUT.

A Shanty Boat Mystery Cleared Up by a Confession.

LAWRENCEBURG, Ind., Jan. 16.—Bert Rusk has confessed that Keys killed William Fee, the victim of the shanty-boat mystery here last summer. Keys is in the Burlington, Ky., jail across the river. Indications are that a mob will try to lynch him.

Last summer Keys married a young lady residing in Pendleton, O., a suburb of Cincinnati. The couple, fearing opposition from her people, fixed up a shanty-boat in which to elope. Her people finally consented to the match, and the young people then took the shanty-boat as a convenient thing in which to make their wedding journey. They invited Rusk to be one of the party. William Fee was introduced to Mrs. Keys under a false name, because the boys know him to be of a somewhat disreputable character, and knew that Mrs. Keys had fear of him.

The party reached Lawrenceburg and remained there for some days. One afternoon Fee disappeared. They said he had left several days before. Young, a saddler, informed the authorities that he had heard shots across the river the night Fee was first missed.

Fee's body was found on the Kentucky shore a few days later, and the shanty-boat people were arrested. Mrs. Keys was released. Her husband and Rusk have been in the Burlington jail ever since.

LIKE A FROG.

Strange Human Birth in an Indiana Family.

PETERSBURG, Ind., Jan. 16.—A child born here to unknown parents is now in possession of Dr. J. B. Duncan, the attending accoucher, and appears to have no cervical vertebra. The ears are on top of the shoulders, and there is no neck at all. The skull seems to be spread out, letting the base of the brain rest on the top and back of the shoulders. The eyes are open, are unusually large, are wide apart, and are situated in the top of the head.

The mouth, face, and body are those of a frog. Indeed it is more nearly a frog than a child. The umbilicus is attached to a tumor, and the back, from the head to the shoulders, is one mass of flesh. It is one of those unnatural products that some accouchers claim to be "birth-marks."

BABY COOKED IN SOUP.

Into a Cauldron of Macaroni, Which Was Heated Boiled for Wedding Feast.

ELKTON, Pa., Jan. 16.—A wedding feast at the residence of Mr. Michael Susanno, in the Italian quarter of the city, at which Louis Marzullo and his bride were the principals, met with a distressing termination Wednesday. While the bride and groom were receiving the congratulations of the guests, Antonine, the baby son of the host, wandered around in the kitchen and fell into a caldron of macaroni soup, and was cooked to death before he could be rescued.

Two Councilmen Claiming One Seat.

DECATUR, Ind., Jan. 16.—Trouble is expected at the next meeting of the municipal council here. Emmanuel Woods, a councilman from the Second ward, went west last summer to look after personal interests, and word having reached the council that he expected to remain, Woods's seat was declared vacant, and at the special election in October, George W. Roop was elected to fill the place. Woods has returned to Decatur, and expresses his intention to be at the next meeting of the assembly and act in the capacity of councilman.

Struck by Train.

GREENSBURG, Pa., Jan. 16.—Two unknown persons supposed to be tramps, were struck by a train at New Florence yesterday morning at 3 o'clock and instantly killed. About the same time James McFull, of Connellsburg, was struck by the limited express east at Irwin and killed.

Escaped Desperado Recaptured.

TUCSON, Ariz., Jan. 16.—John Casillo, one of the convicts who broke jail Nov. 30, was recaptured Tuesday evening, leaving Gila Bend, by Officer Perrin. He was well armed and resisted arrest. He was shot through the leg and will probably die.

Carpets, Curtains and Laces Burned.

PEORIA, Ill., Jan. 16.—At about 5:30 yesterday morning fire broke out in the large new five-story brick block, at 214 and 216 South Adams street, owned by Dickson & Sandmeyer and occupied by W. H. Fay & Company, wholesale and retail carpets, curtains, laces, etc. The loss will be about \$50,000; insurance amount will probably die.

SIOUX WAR OVER.

All the Hostiles Into Pine Ridge Agency.

THEIR WAR PAINT REMOVED.

The Task of Disarming the Warriors Already Begun by the Chiefs and by Them Brought to Division Headquarters—A Delegation of Sioux Indians Will Visit Washington.

PINE RIDGE AGENCY, S. Dak., Jan. 16.—The Sioux outbreak of 1890-91 is over. There may be, and probably will be, trouble with a few small detached bands of hostiles, but the great majority of those who revolted against the authority of the United States government have removed their war paint, and are camped near the friendly Indians to the southwest of the agency, just across White Clay creek.

Wednesday Gen. Miles held a final council with the hostile Brules and Oglallala chiefs, and the results of the conference became apparent yesterday morning. Shortly after daybreak a mist obscured the hostile camp so that no one at the agency could see what was being done in the valley, but shortly after 8 o'clock there emerged from the mist the advance guard of the biggest aggregation of warlike Indians this town is likely ever to see.

Some of the vanquished were cheerful. There was a prospect of sufficient food, but the large portion had a morose and vicious appearance. They had unwillingly surrendered to superior force, and therefore retained their right to be as savage as was possible in the face of an army that was large enough and willing enough to wipe them out of existence. There will be no repetition of the Wounded Knee affair. Instead of giving the troops the task of disarming the warriors the work will be done by the chiefs. Contact with the soldiers within several days will certainly precipitate a fight, so Gen. Miles insists that each chief bring the arms of his band. The guns are being loaded into wagons in the hostile camp, and will be turned over at division headquarters.

Hostiles to Visit Washington.

WASHINGTON, Jan. 16.—The following important telegrams, bearing on Indian matters, were made public yesterday at the war department. Secretary Proctor's telegram was sent to Gen. Miles at 2 p. m. yesterday:

PINE RIDGE, S. Dak., Jan. 15.

To Secretary of War:

In order to restore entire confidence among these Indians, I have found it necessary to send a delegation to Washington to receive assurance of the higher authority of the good intentions of the government toward them. This will answer a double purpose, namely, satisfy them, bridge over the transition period between war and peace, dispel distrust and hostility and restore confidence. It will also be a permanent guarantee of peace while they are absent. I ask that my action may receive the approval of the department by telegraph. Everything is progressing satisfactorily, and I can see no reason why perfect peace should not be established.

N. A. MILES,

Major General Commanding.

WASHINGTON, Jan. 15.

Gen. Miles, Major General Commanding Pine Ridge:

The secretary of war has conferred with the president and the secretary of the interior in regard to your proposal to send a delegation of the Sioux chiefs to Washington and they approve of your recommendation. The secretary of the interior has sent an agent to conduct them. It is desired that the delegation be as small as possible, five or six, or not more than ten. If the delegation has already started, telegraph at once, number, route, and commanding officer.

SAMUEL BECK,

Assistant Adjutant General.

SHE BELIEVES HIM NOT DEAD.

Pitiful Condition of a Mother Over Her Drowned Son.

BRUNSWICK, O., Jan. 16.—A remarkable state of affairs has been brought to light in the southern part of this county. Last Sunday a week ago Mrs. Negard, a widow, contrary to her custom and belief, made and baked bread. She sent her son out to make a hole in the frozen creek, so that the stock could drink, but while at work he took a fit and fell, face down, in the pool and was drowned before he was found by his mother.

She succeeded in getting him into the house and had him laid out in bed, where he has remained ever since. She claims that he is not dead, but that God had put him in that condition as a punishment upon them for the work they did Sunday. She allows the neighbors to call and look at him, but will not allow them to stay over night. She says he will soon come back to her again.

Has Slept for Three Weeks.

LAKE CLARKE, Wis., Jan. 16.—Mrs. Melvina White, wife of a farmer of the town of Wheaton, has been asleep for three weeks and all efforts to awaken her have been in vain. She had been suffering from nervous prostration for some time. Several physicians from the city have been called from time to time, but the case has puzzled them all. The sleeping woman has scarcely received any nourishment during the period of somnolence, being forced occasionally to swallow a little milk. It is believed she can not long survive.

Painters' Fatal Fall.

KANSAS CITY, Jan. 16.—A special to The Star from Hiawatha, Kan., says: John Frazier and Charles Darville were seriously hurt yesterday while painting the new First National bank building. The scaffold on which they were working broke, precipitating them to the ground, a distance of thirty feet.

Frazier's skull was fractured and it is

thought that he cannot live. Darville

was badly hurt about the head and his

recovery is doubtful.

Will Try to the Lake Front.

CHICAGO, Jan. 16.—The world's fair directors have reached the conclusion that the world's fair emporiums to use any part of the lake front for the purpose of the exposition. Architects have been instructed to prepare for five buildings there. If the abutting property owners object, they can go into the courts and make their fight; but the directors believe that they will not be able to stop the work.

NOMINATING SENATORS.

Illinois Republicans Decide on Richard Oglesby for that Position.

SPRINGFIELD, Ill., Jan. 16.—The Republican senatorial caucus last night nominated ex-Governor Richard Oglesby for United States senator on the first formal ballot. Out of 100 votes cast he received 64 and Senator Farwell 30. The remaining six votes were scattering. The anti-Farwell forces controlled the caucus from beginning to end. The nomination was made unanimous.

The Democrats will not hold a caucus to nominate a candidate for United States senator, as the position is assumed that Gen. John M. Palmer was endorsed by the whole Democratic party of the state by the nomination of the state convention last June. Balloting will commence on the 20th.

To Succeed Senator Blair.

CONCORD, N. H., Jan. 16.—The Republican caucus, to nominate a United States senator to succeed Senator Blair, was held last night. On the second ballot Dr. Jacob H. Gallinger received 120 votes, Henry W. Blair, 48; P. C. Cheney, 13; scattering, 5. The nomination of Gallinger was made unanimous.

CAMERON'S CHANCES.

The Senator Nominated by the Pennsylvania Legislature.

HARRISBURG, Pa., Jan. 16.—Both branches of the legislature, according to custom, proceeded to the nomination of candidates for United States senator, balloting for which will commence on the 20th inst. J. Donald Cameron, the present incumbent, was the only nominee on the Republican side in the senate; State Senator Ross, of Bucks county, and Hon. Chauncey F. Black, of York county, were nominated by the Democrats.

In the house after Cameron, Ross and Black had been nominated. Mr. McGuire, Republican, of Delaware county, placed in nomination Austin L. Taggart, of Montgomery county. Mr. McGuire said he was confident of being able to defeat Cameron now that Taggart has the grangers at his back. Mr. Zeigler, of Adams, nominated William A. Wallace, but afterwards withdrew his name.

A caucus of Democratic senators and representatives has been called for Monday evening next to select a Democratic nominee for United States senator.

TELEGRAPHERS' TROUBLES.

Nearly All Go Out Between Chicago and Milwaukee.

CHICAGO, Jan. 16.—So far about 450 of the station agents and operators of the Chicago, Milwaukee and St. Paul railroad system have sent in their resignations to take effect at once. Along the line, between Prairie du Chien and Milwaukee, it is said there will not be an old man at his post to-morrow.

On the Dubuque division the reports indicate that all the men are determined to fight. On the Council Bluffs and the Iowa and the Minnesota divisions all but a few of the men say they will go out. The operating officers of the road at Milwaukee were advised yesterday that nearly all the operators on the Council Bluffs division had left their places. The vacancies were filled at once with a force of officials had been collecting for several days.

PLUNDERED BY PIRATES.

A Passenger Vessel Boarded Not Far From Hong Kong.

SAN FRANCISCO, Jan. 16.—The steamer Oceanic has arrived from China and Japan, via Honolulu. On Dec. 18 a farewell dinner was given at the Grand hotel in Yokohama, in honor of C. R. Greathouse, formerly United States consul general to Japan, prior to his departure for Corea, where he will act as adviser to the king.

The Douglas company's steamer Namoo left Hong Kong Dec. 10 for Swatow, with four European passengers and 250 Chinese passengers. When the ship was about four miles from Hong Kong she was taken possession of by about forty pirates, armed with revolvers, which they concealed while coming on board. Capt. Pocock was treacherously shot while parleying with the pirates, and Capt. Peterson, a passenger, was also killed.

The Malay quartermaster was killed and thrown overboard; two officers and two Malay quartermasters, a Chinese sailor and Chinese cook were wounded, and three Chinese passengers are said to have been stabbed while on board.

The Europeans, having no weapons at hand, were almost powerless. The pirates locked them all in the captain's state room. After ransacking the ship from end to end, the pirates anchored close to the island. The booty was put on board junks which came off from the island on signals being given. About 9 o'clock the ship was released, and was able to reach Hong Kong next morning. Photographs of the leader and several of the chief actors in the tragedy have been recognized, and the police and naval authorities are in pursuit of them. The plunder is estimated at \$30,000. Forty chests of opium which were on board were left untouched.

Nov. 27 the boat in which Miss M. M. Phillips, M. D., in charge of the hospital of the Southern Methodist mission at Swatow, and Miss Smith, recently arrived missionary, were going from Shanghai to Foochow, was attacked by pirates. Their boatmen were wounded and the personal property of the ladies plundered. A gunboat was sent in pursuit of the pirates, but their capture has not been reported.

STOLEN BY GYPSIES.

A Lad Escapes After Remaining a Prisoner With the Band for Six Years.

ELKHART, Ind., Jan. 16.—Three months ago a boy giving his age as 12 years made his appearance at the home of Henry Weikel, a farmer near here, and stated that he had just escaped from gypsies who had stolen him from his home six years before and had kept him prisoner ever since. Mr. Weikel came to town and reported the matter to Marshal Coleman, who questioned the boy and learned from him that he thought he had been stolen from Marion, Ind., and that his father's name was Hale. A letter was sent to the postmaster at Marion, with instructions to hand it to some person named Hale, and in response a letter came here Wednesday from the father of the boy expressing intense satisfaction over the recovery of the lost boy and inclosing money for a ticket for him, so the lad was sent to his home on the first train. The letter contained no particulars of the kidnapping of the boy.

Famine and Flight.

BRADFORD, Pa., Jan. 16.—The firm of Rich & Robinson, shoe dealers of this city and a branch store at Lima, O., failed three weeks ago. Their store was closed by the sheriff on judgments amounting to \$9,000. Yesterday it developed that the liabilities of the firm amount to \$90,000, and their assets barely foot up \$10,000. Both members of the firm have disappeared and their whereabouts are unknown. The firm was one of the largest in the oil region and their failure and the flight of Messrs. Rich and Robinson creates a sensation.

Child Fatally Burned.

CINCINNATI, Jan. 16.—While Freddie Pinkerton, aged 2, was playing near the grate, at the home of his parents, 15 Wilson street, at noon, his clothing caught fire. His screams attracted the attention of his mother, who was in the adjoining room. She rushed to his assistance, tore the burning clothes from his body, but not before the little lad burned fatally, it is thought.

Cuban Sugar and Tobacco.

HAVANA, Jan. 16.—The sugar crop of 1890-91 is expected to be one of the largest, if not the largest, ever gathered on the island. Only a small quantity of tobacco leaf has been cut so far in the Remedios district. If the weather is favorable, the growers will set out new plants in their fields in the place of those destroyed by drouth.

A Novel Suit Filed.

CRAWFORDSVILLE, Ind., Jan. 16.—Ted Connors, policeman, of this place, has brought suit for \$5,000 against the Monon railway. He alleges that, while standing on the depot platform, a mail clerk threw from the train a heavy mail sack, which struck his foot, causing permanent injury. This is a novel case, as it will be attempted to show that the railroad company is responsible for the action of the mail clerks, who are employed by the government.

Banks Assign.

GROVE CITY, Pa., Jan. 16.—M. L. Zalmir, owner of the Citizens' bank, of Stoneboro, and cashier of the Sandy Lake savings bank here, made an assignment. The two concerns hold deposits made by the farmers in their vicinity. The Sandy Lake bank has deposits amounting to about \$75,000. The Stoneboro concern is a small one, and its deposits amount to only about \$15,000. The trouble is due to inability to realize on investments.

Maxwell and Shott Indicted.

CANTON, O., Jan. 16.—Dr. David P. Maxwell, one of the best known physicians of Canton, and Charles Shott have been indicted by the grand jury for performing a criminal operation upon Lilian Bordner, of Sundayville, which resulted in her death last month. The case attracted wide attention because of sensational features and the high standing of the parties.

WOOING BY FLOWERS.

Once on a time, to woo a maid,
Three suitors sought her bower.
"Give me, I pray," the maiden said
To each, "thy favorite flower."

The lord he took a lily fair
That grew in regal pride;
"This flower put in thy raven hair;
'Twill suit a noble's bride."

The knight he plucked a rose and cried,
"This flower place on thy breast."
The bard a violet gave and sighed,
"Ah! near thee let it rest."

"Come back again at autumn tide
And meet me in my bower,
And we shall learn," the maid replied,
"How fares it with each flower."

At autumn tide they stood once more
Beside the maiden bright;
Then from a vase the flowers she bore
And placed them in their sight.

The lily leaves were dull and strained,
The shriveled rose was dead,
The odorous violet fresh remained—
"The bard," she cried, "I'll wed."
—Cassell's Magazine.

How to Brush the Teeth.

In the first place one should have two brushes, one hard and one soft. The hard one should not be hard enough to injure the gums.

The water should be moderately hot, and should be held in the mouth for a minute or more before the brush is applied. This will soften the accumulations. Next take the soft brush and scrub the surfaces of the teeth vigorously, going over all parts "inside," "outside," and "on top," to use phrases commonly understood. After this has been thoroughly done, and the mouth rinsed out, the hard brush is to be used. Both brushes should have curved (concave) surfaces and serrated bristles. In using the hard brush hold it in the hand and rotate the wrist, thus brushing the surfaces of the teeth from the gums toward the cutting edges.

The mouth is held slightly open. This removes from between the teeth whatever was there at the outset and what has been crowded therewith by the ordinary action with the first brush. Even more thoroughness is required in this last procedure than in the first. It is between the teeth that decay is most likely to occur, and it is between the teeth that so few people succeed in cleansing. As a final safeguard waxed floss silk should be passed between all the teeth, and lastly the mouth sprayed with Listerine dilution.

The teeth should be cleansed on retiring and arising, and if convenient after each meal. The first two are, however, the important hours. Thorough cleansing will do much to prevent decay. Though decay is caused by bacteria, it only results from the presence of fermentation. There can be no fermentation in a clean mouth.—New York Herald.

ONE ENJOYS

Both the method and results when Syrup of Figs is taken; it is pleasant and refreshing to the taste, and acts gently yet promptly on the Kidneys, Liver and Bowels, cleanses the system effectually, dispels colds, headaches and fevers and cures habitual constipation. Syrup of Figs is the only remedy of its kind ever produced, pleasing to the taste and acceptable to the stomach, prompt in its action and truly beneficial in its effects, prepared only from the most healthy and agreeable substances, its many excellent qualities commend it to all and have made it the most popular remedy known.

Syrup of Figs is for sale in 50¢ and \$1 bottles by all leading druggists. Any reliable druggist who may not have it on hand will procure it promptly for any one who wishes to try it. Do not accept any substitute.

Children Cry

for PITCHER'S

CASTORIA

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me." H. A. ARCHER, M. D., 111 South Oxford St., Brooklyn, N. Y.

"I use Castoria in my practice, and find it specially adapted to the affection of children." ALEX. ROBERTSON, M. D., 1057 2d Ave., New York.

"From personal knowledge I can say that Castoria is a most excellent medicine for children." DR. G. C. OSGOOD, Lowell, Mass.

Castoria promotes Digestion, and overcomes Flatulency, Constipation, Sour Stomach, Diarrhoea, and Feverishness. Thus the child is rendered healthy and its sleep natural. Castoria contains no Morphine or other narcotic property.

WE STILL HAVE A BIG LINE OF CLOAKS.

Do You Intend to Purchase a Cloak This Season?

If so, read what we have to say:

One lot of Striped Newmarkets at \$3, worth \$5 and \$7.

One lot of Plain Newmarkets at \$5, worth \$10.
